WA-11

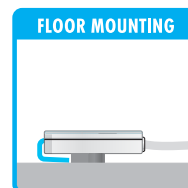

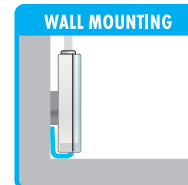

WATERALARM **WIFI**

*In addition to the alarm message on the device, this water alarm sends another message via **WIFI/APP** to your smartphone* and also switches connected devices either **ON** (e.g. pump) or **OFF** (e.g. washing machine) immediately after contact with water.*

- The message on your smartphone* allows you to react quickly and avoid major damage, even if you are not at home.
- Switches connected devices either **ON** (e.g. pump) or **OFF** (e.g. washing machine).
- Max. switching capacity 16A, 3600 watts
- Water sensor for wall and floor with 2 metre cable (can be shortened individually)
- Alarm sound volume adjustable (max. 85dB / 3m)
- Indicator lights for alarm message, status of device socket and WLAN
- Power supply: 230 V / 50 Hz
- Operating temperature approx. +4° C to +50° C
- Dimensions (WxHxD): 60 x 120 x 35mm (+ plug)
